

SAMPLE DOCUMENT - FICTITIOUS DATA FOR DEMONSTRATION ONLY

Owner Specification - Atmospheric Storage Tanks (extract)

Specification SPEC-TK-003 Rev 2, issued by the owner for all atmospheric tanks of the project.

Design code	API 650, 13th edition
Site	Macaé, Brazil
Shell corrosion allowance	3 mm
Joint efficiency	0.85
Venting basis	API 2000
Coating specification	SPEC-PT-004 system T2

Site data

Design wind speed	38 m/s
Seismic design basis	ASCE 7, site class D, SUG I
Snow load	Not applicable
Roof live load	1.0 kPa
